

7th November, 2013

Dear Tina,

On behalf of the Foundation for Water & Education, Cambodia (FWEC), I would like to thank you for your effort on raising the funds and your generous donations of a bike in the name of Emma Gentilini.

Your commitment to helping the people in need in our communities is sincerely appreciated.

Each year the FWEC continues to advance its mission of installing the water wells to provide clean water for the poor people in rural communities. Through our programs of Clean Water we have seen many lives changed for the better. By having water, they become self-sustainable by planting some additional crop nearby the well for a more diet and creates an economic opportunity by enabling the family to sell excess produce at the market. We are proud of our effort that the beneficiaries are able to prosper and become self-sufficient, that conform to our goal is to offer relief, not continuous aid.

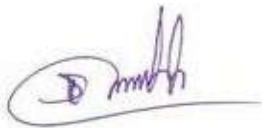

Through the Educational Program, we have helped a lot of children with the bicycles for transfer to the distance school. Having bicycles allows the children to make it to school much quicker and have time to help the family at home or in the field.

The FWEC is established to help raise and improve the livelihood of the Cambodian people in need and that do not have the resources to pay for the construction of the wells on their own. We provide the wells that help sustain their lives. The FWEC tries to change their conditions of drinking dirty water into clean water for good health and higher standard of living. Our project is the key to supporting and helping those in need to become self-sustainable.

The goal of the FWEC is to continue to make a difference. With the help of donations from supporters like you we will continue to see improvements in our Clean Water & Educational Program. Thank you again for your generous support the FWEC. We feel the ongoing, positive results of this endeavor will benefit our community for years to come.

We are sincerely grateful for your support. Please do not hesitate to contact me should you have any further questions.

Your respectfully,

Mr. Chantrea CHHUON
